Eighty Local Men With Queen's Rangers

TRAIN TWICE WEEKLY AT FAIR GROUNDS

Twice weekly the Queen's York Rangers, 80 strong, go through their paces at the fair grounds, and already a marked improvement is being made on the "awkward squad." And what's more, the boys enjoy it, and look forward to the work-out, despite the fact that the route marches following the drill have some of the lads with office jobs a bit down at the heels.

BERT GILKES IS BADLY SCALDED

Falls Off Ladder Into Pit Of Boiling Water

Bert Gilkes of town, electrician at the Office Specialty Co., was severely scalded on Monday when he fell off a ladder into a pit of boiling water at the plant. He was rushed to York County Hospital, where it was found that, with the exception of his face, feet and the palms of his hands, he was badly burned.

It was first feared that the burns would prove fatal, but Bert is now making favorable progress. He will be in hospital some time.

LIONS MEET FOR FALL ACTIVITIES

Newmarket Lions Club opened for the fall and winter campaign at the King George Hotel Monday evening. James Law, president-elect, drove at break-neck pace from Detroit to be present at this meeting. Lion Jim brought greetings from the Windsor Club and from our former townsman, in Detroit, Dave Lipson.

J. O. Little as chairman of the War Savings Stamp Drive, in this district, read to the club a letter from headquarters urging the regular purchase of war stamps to assist in the war effort. A ten-cent collection was taken from all present, and a draw made for a war saving certificate, Bill White holding the lucky number. A draw for a certificate will be made at each meeting during the year.

Bert Morrison read an extensive and comprehensive report on the Lions convention this summer in Montreal, showing the progress Lionism is making throughout the country.

Frank Courtney, chairman of the carnival committee, reported that proceeds for this year's big event were in the neighborhood of \$600, some two hundred dollars down from last year.

Fred Lundy reported two cases to the Sick Children's Hospital, and that these children would have to be taken back for further examination within the next two weeks.

Bill Geer was the winner of the attendance prize — a beautiful lake trout caught over the weekend by the ardent fisherman, Alec Belugin.

A group of experts, Mof. Cockburn, Jim Law, Alec Georges, Alec Eves, Tommy Scott and Ang. West answered questions in the line of "Information Please," and were able to answer at least a few of the questions.

Peppy programs for every meeting is the slogan of Alec Belugin and his committee. Forty Lions were present, and next meeting the drive is for one hundred per cent.

TOWN HALL OFFERED TO GOVERNMENT FOR TRAINING QUARTERS

The only available building, the town hall, was offered to the government, providing it would be available for Saturday market day. The property committee was authorized to arrange about

Town Pays But Five Cents Less Than Camp

RUMORS OF COUNCIL INTERFERENCE SPIKED

Declaring that forty responsible citizens had reported to him the story that the council had made representation to the military authorities at the new camp to cut wages down to 35c an hour, the same as the town were paying, Ald. Spilllette requested council to clear the matter up, or contradict the ugly rumor. "It is very injurious to our town," declared the Alderman.

"There is no foundation of fact in it," spoke up Mayor Boyd. "It is a lie from start to finish."

"I have had it brought to my attention," said Reeve Lundy, "but there is nothing further from the truth. The men are receiving decent wages for hard work."

"I have tried to break up the rumor, but it persists," responded Ald. Spilllette.

"These are only rumors," said Clerk Mathews. "Why last week I heard that the town had chartered a special train for Deputy Reeve Vale and myself when we went to Ottawa."

"I have been accused of being the agitator," declared Ald. Bowser, "but I wish the men were making \$1 an hour. It would mean more money for the business people. Why a woman in Connaught Gardens told me that the government were going to take their house away from them and tear it down."

Ald. Spilllette was also greatly incensed about an editorial which had appeared in one of the town papers, claiming that in one ditch the men working for the government were receiving 55c an hour, while in the next ditch, at the same work, the town were paying 35c. The right prices were

BUYS MAIN STREET PROPERTY FROM TOWN

An offer of \$500 from Harry Sutton for a house on Main street, at present tenanted by Mrs. Lon. Rose, was accepted by council Monday night. The house ordered torn down some few weeks back by the medical officer of health, as unfit to live in, is on a lot with sixty foot frontage, tapering back to the old Metropolitan track.

Reeve Lundy thought the offer a fair one. Council agreed.

TO ENTERTAIN MILITARY CAMP HEADS

In appreciation of the consideration shown Newmarket men and Veterans, the town council will entertain at dinner, the heads of the new military camp this evening at the King George Hotel.

50c and 45c. Ald. Spilllette thought that the press should be warned or informed to get proper information before publishing such reports. An inquiry to the water and light committee would have been all that was necessary to get the facts. Personally he didn't take too much stock in what appeared in the local press, but some people did.

Ald. Evans, chairman of the water and light committee, presented an extensively written report on the water supply, by engineers Margeson and Babcock. Each member received a report, and Ald. Evans suggested that a special meeting of council be called to deal with the question.

The date set was Tuesday evening next. Ald. Evans also informed council that 400 feet of six-inch pipe for water had been laid to the military camp, at a cost of \$400, and that a one hundred

INJURES ARM IN WRINGER

Mrs. Fred Cass of Prospect street had the misfortune to have her right hand caught in the wringer on Monday and suffering painful injuries to the hand and wrist. Two X-rays had to be taken, and Mrs. Cass will be carrying her arm in a sling for some time.

TO PURCHASE GRAVEL FOR NEXT SPRING

Ald. Bowser's suggestion at council Monday evening, that the town purchase one hundred to one hundred and fifty yards of gravel for stock for next spring, was approved by the members. The young alderman cited the trouble he had in securing gravel early this year.

One hundred yards will be purchased.

PAYROLL TO SATURDAY WILL AMOUNT TO \$40,000

Eighty per cent of Newmarket's military camp has been completed and the project will be finished by September 30, Sgt. Gerard informed the Express-Herald this afternoon. The deadline was set at October 9, so the scheme is well ahead of schedule.

Four hundred and twenty-two men are on the payroll—fifty per cent local and district men.

The first pay last Friday amounted to \$13,500, while this Saturday's pay cheque will be in the neighborhood of \$25,000, which will make some \$40,000 in wages up to this date. The men work sixty hours a week, the lowest rate being 50c per hour.

Fifty per cent of the plumbing has been completed, electrification of the camp 55 per cent complete, grading completed, and water mains and man holes 50 per cent complete.

New buildings include a gas chamber where the trainees will be shown the use of gas masks, and a large work-shop. According to present advice, both the wet and dry canteens are out.

Lumber and other supplies have been coming in, in good quantities, so that there have been no hold-ups, while the weather has also been very favorable.

MRS. CALVIN DAVIS SUC-CUMBS TO HEART ATTACK

In ill health for the past few weeks with a heart condition, Marjory Blair, wife of Calvin Davis, died at her home, Main st., north, late last night.

Mrs. Davis was born in Caledon East, the daughter of Jennie Weir and Charles Blair. She was one of a family of seventeen. The family moved to Newmarket 40 years ago. In April, 1910, she married Calvin Davis, who survives her.

Mrs. Davis was fond of needlework, and many lovely things about her home attested her skill in this hobby. She was an adherent of the Presbyterian church.

The funeral service on Saturday, Sept. 14, from the chapel of Roadhouse and Rose, will be conducted by Rev. Burton Hill. Pallbearers will be Alvin Blair, Donald Blair, Kenneth Blair, Homer Blair, Clifford Pipher and Gordon Brillingier.

She is survived by seven brothers and sisters, Alfred Blair, Fire Valley, B.C.; Emerson Blair, Newmarket; William Blair, Niagara Falls; Mrs. Welly Pipher, Newmarket; Herbert Blair, Owen Sound; Norman Blair, London, and Mrs. Wm. Brillingier, Angus, Ont.

FAILING TO CARRY REGISTRATION CARD BRINGS \$1 FINE

Harry Haines, a gardener of Forest Hill Village, Toronto, was convicted on three charges at Newmarket Police Court on Tuesday. On a dangerous driving charge he was sentenced to jail for seven days, and fined \$25 and costs or thirty days. On a charge of drunk driving he was sentenced to jail for seven days, this sentence to run concurrently with the dangerous driving charge. His car was ordered impounded for three months and his permit to drive suspended for three months. He was also fined \$1 for failing to produce a Registration Certificate.

"On Saturday evening, September 7, about 11.45, in company with Constable Fleury, we received a complaint from a motorist about a car going south on Yonge Street," testified Sgt. Barncrough. "We drove down Yonge Street, and just before we reached The Windmill we noticed a tail light of a car ahead swing from the west shoulder of the road to the east side line. This is a three laned highway. The weather conditions were clear and the traffic was very heavy. Cars coming north would have to swing off the road when they met accused. We got ahead of him and pulled him in at the Windmill. We took accused to Dr. Devins. He admitted drinking at Camp Borden when he took some soldiers up. I would say he wasn't in any way fit to drive a car. I noticed he had a glass eye when we got to the light. He walked and talked fairly well. The right hand side of the car was dented up and covered with mud where he must have been in the ditch before. He

SURE ENGLAND WILL DEFEAT GERMANS

There is not the slightest doubt about England winning the war, in the minds of Mr. and Mrs. John Henry Haskett, Long Branch couple, who are looking forward to celebrating their 60th wedding anniversary this week.

"Of course England is going to win. Hitler is a terrible man, killing helpless women and children the way he does, and God would never allow him to gain the final victory," they devoutly declare.

Mrs. Haskett, who was born within sound of the Bow bells and still considers herself a Cockney although she came to Canada as a girl of six, says she hates to think of the Empire's capital being bombed, but "There'll always be an England, and there'll always be a London," she insists.

Mr. Haskett, born in Newmarket of pioneer Irish parents, is 81 years of age, and his wife is 77, but both are well and active. Their home is at 7 24th street. Mr. Haskett's hobby is his garden, and a few years ago, when the horticultural society was active

Five Properties Sold At Tax Sale

ALL OTHERS LISTED REDEEMED BEFORE DATE

Five properties were actually sold by the town for taxes on Friday last by Clerk N. L. Mathews. Six properties had been redeemed by the owners just previous to the sale, while others listed had been straightened up during the weeks they had been advertised.

"Taxes are now in particularly good shape," the clerk advised the council.

The properties sold were: Lots four and five, Huron street, taxes owing \$71.94, sold to Mrs. MacNaughton for \$125; part lot 20, east side Niagara street, taxes

owing \$207.57, purchased by Harry Goodman for \$210; I.O.O.F. Hall, Millard Ave., taxes owing \$582.92, sold to Miss B. E. Lyons for taxes; lots 14, 15, 16, South Millard and Robert streets, taxes owing \$51.25, purchased by Mrs. MacNaughton for \$53; a house at 228 Main street, taxes owing \$686.15, purchased by Miss B. E. Lyons for \$800.

"The sale has been a success," declared the mayor. "For the first few years I was mayor I decided not to sell any of the places for taxes until the time was right to get good prices. The last two years property has increased in value, so we cleared up our tax arrears problem satisfactorily to all."

WORTH THINKING OVER

With the passing of summer and the return to standard time in the office, we again question the advisability from the merchants' point of view, of Wednesday afternoon closing, especially in the light of the opening in October of the military camp. There is not a doubt in the world that the boys, one thousand strong drawn from the district or farther afield, will be visited by their relatives and friends in goodly number. Wednesday is mid-way through the week, and a day likely to be chosen for visiting.

Can the Main Street afford to have the Hub of North York looking like a deserted village? We think not!

And we are not the only ones who think so. Several of the merchants claim that the agreement entered into some few years back, to close every Wednesday afternoon with the exception of November, December and January, is not in the best interest of the town, as a good many places of business are open, and the people of the district can come to town for some commodities and not others.

The question of a half holiday for the staff can be easily worked out, giving each part of one of the five days, Saturday being excepted, as the girls and boys have to go through till twelve bells (with few exceptions).

The Board of Trade could well call a meeting to discuss the matter.

BEGINNING TO BE FELT

Many of our citizens were asking themselves the question—"What good the military camp would do the town, and was it worth the expense, that the municipality would have to go in to laying sewer, water and power lines to the camp?" We think by now that the "Doubting Thomas" are beginning to see light and get a clearer picture of the magnitude of this windfall.

Friday was pay day, and one hundred and fifty Newmarket men received cheques varying from \$30 up. It is a safe estimate that \$6,000 for wages was paid to these fellow citizens of ours. And there will be more pay like this. Add to this a hundred or more men boarding here, buying the odd bit of merchandise when down town at night, and you will see that the camp is a real asset.

This is just the beginning of things, and while the construction of the camp will, we imagine, put more dollars directly into more pockets than when everything is in full swing, there is no telling just how far the blessing will go. Needless to say, the restaurants, show, tobacco stores, drug stores, gift shops and haberdashers will benefit the most from the presence of a thousand extra men in our midst. Yes, it should be a big boom for Main Street, and indirectly the town in general.

WARNING

Prime Minister Churchill's superb confidence is the stronger for being tempered by repeated warnings to his people to be prepared for even harder struggles. The British War Secretary, Anthony Eden, has also been particularly sharp in cautioning the British people against thinking that the worst of the Nazi storm has passed. In the last month Britain's air defense and the destroyer-forbuses trade have heartened the whole English-speaking world. For that very reason all who are aroused to oppose totalitarianism by thought or action now have special need to keep awake, editorially comments the Christian Science Monitor.

Dispatches from Joseph Harsch, The Christian Science Monitor's correspondent in Berlin, point out that there is confidence in Germany also in the higher command that when plans are complete they can be carried out. He says too that nothing would help the Nazis more than to have opponents fall into the "comfortable assumption that Herr Hitler has missed another bus." We shall do well to recall that nearly every totalitarian success of the last year has been preceded by a period when those about to be overwhelmed were lulled into a complacent and false sense of security.

Mr. Churchill's latest warning were underscored by air raids which forced a recess of the House of Commons. His report that in the raids on the British Isles the Nazis are losing three machines for one British and six flyers to one British, only emphasizes his statement that "the need of the enemy to obtain a decision is very great." There is good reason to accept the British rather than the German figures on losses. The British are on the field where most of the losses are counted, their pilots and planes are known to be superior in quality, and if German figures were correct there would be no reason to abandon daylight raids.

Why the Germans have continued their attacks when losses were so great is only explainable on the thesis that they were still perfecting plans for invasion and that flights over Britain were giving them necessary information.

everything supports the conclusion that they have by no means decided not to attempt a major assault.

The sinking of a German troop ship off Norway points to possible preparations there. They are known to have tion, not only as to geography and defense measures but as to the most promising methods of attack. However, gathered men and materials at the closest French ports, and Italian troops are reported shifted to possible jumping-off places to be a major part of the "suicide squadrons." Also all estimates place the German available air strength at figures at least double anything they have yet released over Britain. And not only in September's clear weather, but in the fall and winter mists the danger will continue. The warning, either for those who do the fighting or those who also serve by waiting, cannot be too strong.

GUEST CHILD SHOCKED BY CANADIAN SPELLING

The Durham Chronicle editor deploras modern spelling tactics in the following editorial:

Peter Boyd-Bowman, fifteen-year-old son of a professor of languages in England, and himself fluent in French and German, as well as English, and expert in Latin and Greek, is a war guest with a family in Brantford. He was shocked at the use of "tire" for what in England is called a "tyre," and decidedly shocked at some other spellings he noticed, among them being "Foto-Nite" for what should have been "Photo-Night."

And well he might be! He has a lot of other shocks coming when he sees more of this new Canadian-United States spelling. We are sometimes shocked, or disgusted, ourselves at the liberties taken with the English language spelling and have frequently wondered what is to become of the spelling of future generations if this sort of thing is to be continued and enlarged upon.

"Midnite" is another word in use just now by some theatres that stage after midnight shows, and there are many other distortions that are no credit to their inventors. They may be cute, but they are positively ignorant.

There are plenty of mistakes made innocently in our language without deliberately manufacturing new ones.

We are no grammarian, but we felt rather disgusted one time, as we have told before in these columns, to hear a university graduate on being asked how successful he had been on his year's work, reply: "Oh, I think I done pretty good this year!" Heavens! If one has to go to university to learn to speak like that, it might be better to stay home and swear like the rest of us nitwits who did not have the opportunity of attending these temples of "higher" education. Or should it be "hire?"

NOTE AND COMMENT

The much discussed 50c per hour paid to labor at the military camp, and the 45c paid to town labor for digging sewers, made a pleasant ring in the Main Street tills and boarding house mistresses' stockings last Friday.

The fall buying season is upon us. May we repeat—Buy British—Buy Canadian—Buy at Home—Give your local merchant the first chance. If he cannot fill your needs, then send your money out of town.

We hear by the overseas news service that shows in London, England, may have to be closed down—page Mr. Hitler and the German people.

Peace movements are not popular in South Africa. A member of parliament, expected an audience of a thousand people when he announced a peace speech. He attracted only sixty women and children. There is a place for everything, and there is no room for peace talk until Hitler is prepared to take the British terms.—(From the Chatam News).

Louisville Times: "General Pershing shouldn't have had to urge that this country's surplus destroyers be sent to Great Britain. They should have been on the way . . . The rule of common sense which General Pershing would see applied is plain. Its application should not be delayed.

"His (Lindbergh's) addresses do not reveal him as a man of rare ability to advise us. . . This writer doesn't doubt the flying Colonel's sincerity or the quality of his Americanism, but believes him a brilliant flier and a rather dull young man in some respects."

Speaking before a service club in Smiths Falls, a former Mayor of Almonte made the statement that it might be necessary to conscript men to fill municipal posts unless interest increases. In many towns during recent years there has been difficulty in securing enough candidates to fill vacancies on Council and School Boards. One of the outstanding reasons is the harping criticism that is levelled against any man in public office. Some of this is justified, of course, when incapable men are placed in office, but competent, conscientious men get little more consideration.

'SATAN'S ASHPLE,' THEY SAY BUT ICELAND EATS, AND HOW

Snug in Sod Houses Montrealeers Get Salmon, Butter, New Potatoes

THRIFT BARGAINING

By FRANCIS STEVENS

Somewhere in Iceland, Sept. 5 (CP)—The way Montreal soldiers are becoming friends with Icelandic farmers is one of those things it took a Hitler to arrange.

A French-Canadian unit stands guard over an airdrome beside a glacial river where salmon leap. Boys who have lived all their lives in Montreal have built

themselves sod houses. The wind blows an endless gale, the rain apparently never ceases. In the background are the cinder-strewn volcanic hills. In the foreground the ocean thunders against the treacherous coast.

Confronted with stern conditions, these city lads somehow keep as cheerful as spring birds. For recreation, they ride across country on little Icelandic horses which they hire from the farmers.

I am a guest in the officers' mess where the walls are built of turf, the roof made of petrol tins and light is supplied by candles stuck in bottles. We are snug and warm and I partake of the best meal I have had in many months.

Elaborate Menu
This is the menu: A 12-pound salmon caught an hour before dinner, plenty of butter, new potatoes, fresh tomato and lettuce salad with dressing, turnips, peas wholewheat muffins smothered in corn syrup, finishing off with tea.

The explanation of the menu was thrift bargaining with Icelandic farmers who grow their vegetables in glass houses warmed by water pipes from hot springs. The potatoes are grown outdoors.

What these French-Canadians really think of Iceland is lightened by their sense of humor. One husky lieutenant who is a physical instructor in Montreal, calls this country "Satan's ash-ple."

No Wild Animals
The French-Canadians are now reconciled to the fact that there are no wild animals here except an occasional fox. When some of them first saw some of the shaggy, long-horned sheep they thought they saw mountain goats. Thinking the "goats" were ready to charge, they took accurate aim, fired and the sheep fell dead. The army paid the bill to the irate farmer and the result was mutton stew for many days. Now they leave the sheep alone.

What the boys long for most are Montreal and Quebec newspapers, apples, oranges, writing paper, gramophones, radio sets and motion pictures.

On Tuesday Hon. E. J. Davis will deliver an address at the meeting of the York Pioneer and Historical Society to be held in the Royal Canadian Institute, College Street, Toronto.

On Wednesday evening the Newmarket Guards turned out and headed by the band, paraded through several streets of the town, stopping at different points to secure recruits. Twelve sergeants had this in charge and succeeded in signing up about 50 recruits. The Guards, under the command of Capt. Aubrey Davis, numbered about 160 and made an excellent showing.

LORNE COUSINS BUYS CLARKSON FARM IN KING TOWNSHIP

The G. P. Clarkson homestead, consisting of 150 acres in King Township, was sold recently by J. A. Willoughby, realtor, to Lorne Cousins of Cousins' Dairy, Aurora.

This property is situated on the pavement about three miles west of Aurora, and is considered one of the finest country estates in the township. About 126 acres of the farm are workable clay loam soil, with 13 acres of beautiful hardwood bush and two acres of orchard. There is an excellent well on the farm which provides an abundance of water.

There is a splendid brick house containing nine rooms, with furnace, bathroom, hydro and hardwood floors throughout. Also, on the farm, is one of the finest new steel barns in the country.

The farm has been in the Clarkson name for more than 65 years.

Mr. Cousins has taken immediate possession of the farm including all the crops, and already he has a number of men on the farm finishing the harvest and getting ready to put in the fall wheat. The farm will be used for dairy purposes, and a large herd of dairy cows will be put on it at once. Mr. Cousins is also the owner of another 66-acre farm at Aurora.

Weddings

HARDEN—ROLSTON

Standards of pink and white gladioli decorated the altar and the pews of Trinity United church, Shelburne, when Margaret Edith Rachel Rolston, daughter of Mrs. Merle Rolston, became the bride of Alfred Zeb Harden, son of Mr. and Mrs. Zeb. Harden of Newmarket.

Rev. H. O. Hutcheson officiated and Miss Doris McBride of Shelburne presided at the organ. As the guests entered the church, Miss Doris Harden, sister of the groom, dressed in a long gown of orchid sheer, and Miss June Hill, Newmarket, in pink sheer, sang very sweetly, "O Promise Me," and during the signing of the register, "I Love You Truly."

Given in marriage by her uncle, Mr. John Rolston, of Shelburne, the bride looked charming in a gown of white tulle. Her veil of tulle illusion was held in place by a heart-shaped halo, decorated with pearls. Her bouquet consisted of red roses and bouvardia and maiden-hair fern. Her only ornament was a three-string pearl necklace, the gift of the groom.

Miss Alice Harden, sister of the groom, was bridesmaid, and wore a gown of blue sheer over satin, and carried a bouquet of roses and bouvardia. Little Anne Peterson, Shelburne, in net over pink tulle, made a charming flower-girl. She carried pink roses and her head-dress was a garland of sweet peas.

The groom was assisted by Mr. David Rolston, brother of the bride. The ushers were Mr. Wm. Hamilton of Peterboro and Mr. Lionel Hawkrigg of Weston. The groom's gift to the bridesmaid was a string of pearls, and to the flower-girl a locket, to the groomsmen a gold tie clip and bar, to the vocalists, compact and glamor-pin, and to the organist a brooch of sterling silver.

At the reception held at the home of the bride, Mrs. Rolston received, dressed in navy crepe, navy hat and accessories. The groom's mother assisted, wearing flowered crepe, navy hat and accessories. Their corsages consisted of roses and bouvardia.

The happy young couple, amid shower of confetti, left for their honeymoon. The bride donned a dress of navy crepe, trimmed with white, navy hat and shoes. On their return they will reside in Newmarket.

Friends were present from Akron, Ohio, Niagara Falls, Newmarket, Toronto, Alliston, Orangeville, Dundalk and River-view.

FORMER NEWMARKET COUPLE MARRIED 60 YEARS

(Continued from Page 1, Col. 7) in the village, he won many prizes at local flower shows.

For 38 years Mr. Haskett worked with the C.N.R., and a son, Gordon, following his father's footsteps, is an engineer with the same road.

Married in Toronto in the old St. John's Anglican Church, known at that time as the "soldiers' church," the couple lived in Toronto until 18 years ago, when they moved to Hamilton, coming to Long Branch seven years later.

The couple are fond of their radio, but have no use for movies. "I have only seen one movie," said Mrs. Haskett, "and that was when the talkies first came out and my son wanted me to go with him to see what they were like." Mr. Haskett said he had been to two or three, "but never could see much in them." He enjoys listening to baseball, hockey, and prize-fight broadcasts, however, and only recently took a trip to Toronto to see the Maple Leafs play.

The couple attend services at the Long Branch Presbyterian Church every Sunday the weather is fine.

They have a family of two sons, Harry of Hamilton and Gordon of Mimico, and two daughters, Mrs. H. Bayliss of Long Branch, and Mrs. W. Love of Toronto. There are 17 grandchildren and seven great-grandchildren.

THE ARM OF FLESH

Last Sunday afternoon the usual Sunday afternoon meetings of the British-Israel World Federation commenced again for the season, having had only the meetings in the Strand Theatre once a month at 8.30 during July and August. The meetings are held in the Presbyterian Church at 3.30 p.m. every Sunday, except the day which the monthly evening meeting is held.

Last Sunday Mr. Edward Webb of Toronto, gave the address, taking for his subject, "The Arm of Flesh." Mr. Webb is well known to the Newmarket Branch and is a splendid speaker. He gave a very interesting talk, besides bringing news from Headquarters to our Newmarket members. He also thanked the Branch for their generous donation to the Radio Fund at headquarters last month.

Mr. Sidney Sparks is the speaker next Sunday, taking for his subject "The Collapse of Modern Babylon." Rev. H. Linnen will speak on Sunday, Sept. 22.

MISCELLANEOUS SHOWER

A miscellaneous shower was given on Monday evening by the members of the Songster Brigade of Number four Salvation Army Corps, Hamilton, at the home of Mrs. Jack High, sister of the bride-to-be, in honour of Miss Alice Smith, daughter of Mr. and Mrs. Charles Smith, formerly of Newmarket.

About twenty-five guests were present, including Miss Iris Smith and friends of Toronto. The bride-to-be received numerous useful gifts.

Games were played followed by a sing-song. Dainty refreshments were served. The wedding is to take place on September 14.

IN MEMORIAM

RAE—In deep and loving memory of a dear wife and mother, Mrs. John Rae, who passed away Sept. 12, 1939. One year has gone, but none can tell.

The loss of our dear mother, we loved so well; The blow was great, the shock severe. We little thought her death so near.

And only those who have lost can tell The pain of parting without farewell.

She had a nature you couldn't help loving, A heart that was purer than gold, To those who knew her and loved her.

Her memory will never grow old, —Ever remembered by husband and family.

ST. PAUL'S W.A.

The Red Cross Sewing Circle in connection with St. Paul's W.A., met at the home of Mrs. Spence, Niagara Street, on Tuesday of this week, and to-day all the members of the W.A. are holding their monthly devotional and business meeting at the home of Mrs. James Hiller, Huron St. The regular weekly meetings start in October when once again the Dorcas work will be carried on as usual.

DILATORY DOG OWNERS GET LAST CHANCE

Forty-five dog owners of town will this week receive official notice from the clerk's office, that this is their last chance to pay up—or else.

Issuer of dog licenses Curtiss appealed to council Monday night for a solution to the question. He wanted a dog date line set.

"What time did you take them to court last year?" inquired the Reeve.

"It was early in the new year," said Mr. Curtiss. "I have called four or five times at some places."

"What's wrong with them now?" spoke up the Mayor.

It was finally decided to send out the notices. Council passed a bill of \$3 for two canine burials and one pooch's board.

A MESSAGE TO PARENTS

ABOUT THEIR CHILDREN

No child with defective vision has a proper chance in the battle of life. A scientific examination of children's eyes, such as we make, is a sure way to determine whether they have normal vision. Children who require glasses should have the benefit of the very newest scientific development—CORECTAL Lenses. They give clear, undistorted vision over the entire surface of the lens so that there is accurate vision even at the very edge.

TOWN PAYS BUT 5c
LESS THAN CAMP

Continued from page 1 col. 4

dred horse-power meter had been installed at a cost of \$600. Improvements and additions to power lines extra will cost in the neighborhood of \$3,000. This is not all new work caused by the camp, but part of next year's program of repairs to the east side of the town. The rates that are to be recommended to be changed to the camp, will cover the cost in twelve months.

Mr. Evans also reported that in the first six months of the year power bills from the Hydro were down \$972, while the revenue was up. Using off peak power, and the reduction in the rate accounted for this difference.

"What are we going to do with bills incurred for the camp?" inquired Ald. Bowser. "Shouldn't they be checked off to a special fund, and then we would know exactly what it is costing us? One of the larger bills for gravel to-night is for the road through Connaught Gardens, that we have made wider and fixed up to give better access to the camp."

Ald. Evans suggested that the town endeavor to collect from the government the cost of the sewer, as it was laid on the fair grounds, now government property.

Council did not think that it would be possible.

"What about fire protection?" inquired Ald. Dixon.

"The camp provides their own," responded Ald. Evans.

"If we were going to get a new well, we would have to start right now, before the freeze-up," said an alderman.

"We have two or three months yet," said Ald. Evans. "The engineers have told us of a digging machine that would do the work in ten days."

"We should use man power, if possible," spoke up Ald. Bowser, "but it would be well to look into the machine idea."

"It would save about fifty per cent in time and money," opined Ald. Dixon.

Council adjourned at 11.30 to meet on Tuesday evening next.

MOSS DOANE FEAT- URES WITH TWO HOMERS & TRIPLE

Newmarket ladies won a slug feat from the Thornhill girls in the first of the play-off series here last Friday night 15-13. Two homers and a triple by Moss Doane was too much for the visitors, the one homer coming with the sacks loaded.

When it came time to start the game coach Alex. Webster found himself without a pitcher, so Vera Beckett was conscripted for the position. Never having pitched before, the Bogartown flash was at a distinct disadvantage, and the Hill counted six runs in the initial innings. From then on Becky pitched like a veteran, and with her teammates laying on the hickory, earned the victory.

Mae Brown showed the fans that not only the huskies can hit the old apple by pounding out a home-run late in the game when it was badly needed. Phil Osborne taking her sister Mary's place in the infield, turned in a smart effort, being particularly effective at bat.

said he hadn't been in the ditch and thought the soldiers must have had his car."

Constable Fleury corroborated this evidence and said that accused was in no condition to drive a car.

"At 12.05 a.m. Sunday morning Sgt. Barraclough and Constable Fleury brought this man to my place," stated Dr. C. J. Devins of Aurora. "I was alone with him. At first I asked him his name and address. He answered me and told me he had been to Camp Borden and was on his way home. He said he had had three glasses of beer at the canteen at Camp Borden. He had a glass eye, and smelt strongly of liquor. He seemed quite keyed up. His coordination was slow, and he was sluggish. In summing it up, I came to the conclusion that he was in no condition to drive a car."

"I was at Camp Borden and had three glasses of beer," admitted Haines. "I'll admit I was driving to the right of the road, but when oncoming traffic came I pulled over and slowed up. I don't figure I was drunk, sir. I don't do very much night driving and I didn't know the road."

"I'll accept the evidence of Dr. Devins in this case, and that you were in no fit condition to drive a car," ruled Magistrate Woodliffe. C. Hossack of Toronto pleaded guilty to a charge of careless driving and was fined \$10 and costs.

"At 2.30 a.m. in company with Constable Rye, we were on the first sideroad north of Keswick and heard a car approaching the corner at an estimated speed of 35 or 40 miles an hour," testified Constable Carl Morton. "The pavement curves to the right at this corner and the car, which was a 1934 Buick, swerved to the left past the centre line and still further to the left till it was on the left shoulder. It skidded 108 feet and the rear of the car wound up down by the boat house, ten feet from the pavement on the left hand side. A fire was blown and the car badly damaged underneath. There were five other passengers in the car. Accused said he wasn't familiar with the road."

Walter Kaezer of King, charged with assault by T. Dimoff, was bound over in the sum of \$100 to keep the peace for one year. He was ordered to pay the costs of the prosecution and the costs incurred by the injured man, which amounted to \$67.80.

Charged with speeding by Constable J. Jardine, Jacob Zelman of Toronto was fined \$8 and costs; Alex. Duncan, Toronto, \$10 and costs; Harold Fagan, Toronto, \$8 and costs; Alfred Pollard, Toronto, \$8 and costs; F. L. Atkinson, Toronto, \$10 and costs; S. Silver, Toronto, \$5 and costs; Ralph O'Connell, Toronto, \$10 and costs; Helen Coste, Toronto, \$20 and costs.

Charged with speeding by Constable Carl Morton, John McDonald was fined \$5 and costs; May R. Niebel, Toronto, \$5 and costs; Dorothy E. McNamos, Toronto, \$8 and costs; Morris Frankfort, Toronto, \$8 and costs; Charles J. Harvey, Toronto, \$5 and costs; A. O. Wood, Toronto, \$10 and costs; Robt. McNaughton, Toronto, \$5 and costs; Howard Young, Toronto, \$5 and costs.

Charges of failing to support and assault against George Leitch of Mount Albert were adjourned to the Family Relations Court in Toronto. Maud Leitch was the complainant.

Mrs. Henpecked (sarcastically): "I suppose you've been to see a sick friend—holding his hand all evening!"

Husband (absently): "If I'd been holding his hand, I'd have made money."

NEWS FROM KING CITY AND DISTRICT

Canadian National Exhibition prizes awarded aplenty to King Township citizens. Eaton Hall Farm took ten prizes with eight head of Holstein cattle, and a first for flower display of Caladiums. T. H. Roadhouse showed prize cattle, while Charles Walton of Kettleby won several highs with a flock of sheep. Chalmers Black of Kettleby won eight highs with Percheron horses. Schomberg Boys' Calf Club was represented at the fair by Stephen Leonard, Louis Cull, Kenneth Hodgins and Jack Wauchope. For show calf and showmanship, Stephen won 10th place out of 46, and Jack 9th out of 46. As a group the boys won fourth place, doing exceptionally well for their club. At Schomberg Fall Fair on Sept. 27 and 28, the Calf Club will again have an opportunity to exhibit.

Programs and prize lists of Schomberg Fair have been issued and show the usual careful and interesting preparation for a good fall fair, the only one King Township can boast of. There is an opportunity for all ages to place exhibits before the judges. And what a display there will be in the domestic science, domestic needle craft and fine arts. The children's section will be most interesting this year since there are no school fairs. There is no entry fee for children. The same principal is set forth here as at the school fairs, namely, "Parents should encourage the children, but take no part in the work."

Officers of Schomberg Agricultural Society are: President, Clarence Marchant; 1st vice, Hartley Brown; 2nd vice, Wilfred Althausen; Secretary, Dr. A. H. McLeod; Treasurer, Herman Kaake. And the date of the fair is Sept. 27 and 28.

Miss Valerie Hunter of Schomberg, pupil of Mr. Jackson, won fourth place in vocal competition at C.N.E., in a class of 13, with 86 marks.

After a year's duration of poor health, Mr. Thomas Breddon of Nobleton passed away in his 69th year on Sunday, Sept. 8. Deceased was the son of Henry Breddon, a member of pioneer settlers around Nobleton.

Mr. Breddon has resided in King Twp. all his life, having recently retired from the farm and building a new home for his latter days of rest. But he did not enjoy its comfort very long. His wife, formerly Alice Fringle, predeceased him about eight years ago. No family survives, except brothers and sisters. There are Harry Breddon of Weston, Fred of Toronto, John of Tottenham, William of Lloydstown, Mrs. S. Holman of Kleinburg, Mrs. William Holman of Nobleton and Mrs. K. Godson.

The funeral was held privately from the residence, followed by public service at the United church, with Rev. Mr. Bailey officiating. Interment was made in Laurel Hill Cemetery, Bolton, on Wednesday, Sept. 11.

Mr. Kenneth Davis of Northern Ontario spent the weekend with his parents, Rev. and Mrs. D. G. Davis.

Mrs. Fred Carver has returned from the hospital where a delicate operation was performed successfully. Mrs. Carver is reportedly doing very well at present, but reacting from shock. We sincerely hope her health improves.

Mr. and Mrs. Fred Willis left last Saturday morning for a visit to Ottawa. The weather was beautiful when they left, and we hope Ottawa favors them with warmer weather than our district produces.

Mr. Thomas Steadman of Syracuse, New York, visited his cousin, Mr. R. Gellatly, last week.

Mrs. Gellatly recently celebrated a birthday, and was honored by a family gathering of 19 on the occasion. Flowers and wishes were sent in from neighbours and other friends.

Gracie Fields, celebrated English stage artist, is the guest of Lady Eaton as we write. Eaton Hall Farm is the scene of another interesting event.

Mr. Donald Frisby, teacher of Temperanceville school, is in training with the Irish Regiment. The school is being supplied by Mrs. Brocken of County Reserve Staff.

Sixteen left from Schomberg on Monday morning for camp training with the Irish Regiment.

King Township Council invested \$4,000 in the new Canadian War Loan, Reeve McMurchy stated. At the council meeting on September 7th, Messrs. E. Reddick and E. J. Archibald were appointed Township Assessors. Taxes will be collected twice yearly, in order to facilitate payments. \$1,000 is the allotment the council may expend this year, for township needs.

Mr. and Mrs. Ernest Friezt of Sarnia, spent a night with Mr. and Mrs. Jesse Richards last week. They have just returned from North Bay, where Mr. Friezt was confined to the hospital for an urgent and serious operation. The Friezt family were enjoying a vacation in their favorite quiet bush spot at Timagimil. To get there they leave their car on the thoroughfare and portage four miles across three lakes. Nice going and interesting, too, and makes for good freedom and open-

air life. But this time Ernest, a superb specimen of good health took ill. Stomach flu, probably. Merle, his good wife, sensed trouble. So she and son, Ronald, quickly packed their belongings, got in their boat, and paddled across the three lakes. They singled out their car and Merle drove 45 miles to North Bay, reaching there at 4 a.m. in the morning. The doctor lost no time, and what that appendix had done in less than two days was amazing; a life in the balance. However, physical fitness proved an ally and Mr. Friezt expects to resume teaching in Sarnia High and Technical School by the end of September.

Mr. and Mrs. Vernon MacArthur of Lowville, visited Mr. and Mrs. Jack Cliff over the weekend.

Miss Edith Glass was honored by some 200 friends with a miscellaneous shower at her home on Monday evening. Family members also honored her on Tuesday. Her marriage takes place on Saturday, September 14th, and the lucky man is Clyde Cairns of Eversley. Edith is a favorite on the sixth line and an ardent worker at Lasky United Church, and the good wishes of all go to them both.

Relatives and friends from Kinghorn attended the funeral of the late Alfred Hollinshead of Sherwood, on Saturday. He was a brother of the late Eli Hollinshead, and is survived by his wife. Interment was made at Boltonville Cemetery. Mrs. Hollinshead only recently recovered from a long illness.

Anniversary services will be held at Eversley Presbyterian Church on Sunday, September 15th, at 11 a.m. and 7 p.m., Standard Time. The preacher will be Rev. G. C. Lamont of Woodbridge, formerly of Bonar Church, Toronto. Eversley choir, augmented by King and Lasky singers, will sing in the morning. Everette Willshire and Alfred Barker in a vocal duet at 7 p.m. Aurora Presbyterian choir will provide anthems. Eversley invites you to worship with them.

On Sunday morning, Sept. 15th, King United Church will hold their Sunday School Rally service.

In the Baptist circuit on Sept. 15th, the congregations and Sunday Schools will observe Rally Sunday at each appointment, with the entire service in the hands of the Sunday School as far as possible. Special music will be given.

On Tuesday, Sept. 17, College Street Baptist Church Y.P.W. will visit Pottageville Y.P.W. The date of Kettleby Baptist Thanksgiving Service at 11 a.m. and 7:30 p.m. is September 29th; Special preacher. On October 1st Anniversary service at Pottageville Baptist Church at 3 p.m. and 7:30 p.m. Rev. Murray Simmons, B.A., B.D., of Simcoe, a former Pottageville minister, will preach.

On Sept. 18th the Bible Society will hold a meeting in Eversley Church. Slides, lecture and business session.

We did not give Dr. R. Jacques full credit for directing the choir of All Saints Church on Sunday, Sept. 1st at the special services when the pipe organ was dedicated. Dr. Jacques very efficiently presided at the organ and directed the choir at both services.

On Sunday, Sept. 8th, the Venerable Archdeacon Sir Francis Heathcote of Vancouver, was greeted by a fine congregation, many old friends of this former incumbent. Mr. Edwards of Toronto, ably played the new organ.

A CHALLENGE

TO CANADIANS

EMERGENCY CALL!

From the shores of our Motherland comes an appeal for help which no true Canadian can fail to heed. While we live in comfort, death drops on that embattled island. The need for Red Cross assistance is urgent. Our sons and brothers are over there. On land, at sea, in the air, they face death daily. We must be prepared to help them when they are sick or wounded.

Red Cross help is needed on behalf of soldier and civilian alike. Hospitals and hospital equipment, surgical supplies and dressings, ambulances and X-Ray equipment will be needed. Overnight the need may become so urgent that lives may be sacrificed if help cannot be sent at once.

Never before has there been so great a need for Red Cross assistance. This challenge to humanity must be answered. Give to the Red Cross. Give to the utmost NOW!

Things

"Song"

Have you ever stopped—just by the way—to think of the songs of yesterday? Songs of verses, many and long as compared to the modern one verse song. Always, you know, in days of old, each song a story would unfold. The songs of today, as they ramble on, give you nothing at all, to think upon—they seem to consist of a sad refrain, which you warble once, and then again, and the heads should be read, you vow and declare of those who let some singers on the air.

Of course I've heard some young folk declare, that old songs should never get on the air, but just to put them in the wrong, good male quartettes break into song, and what are their themes, you want to know? Why "Clemantine" and "Old Black Joe." And we hear of the maiden who, "After the Ball" was broken-hearted by what did befall, while one chap beseeches "Daisy, Daisy, to give him his answer true, and to honeymoon on a bicycle built for two."

And then there are songs that will never die, in spite of a bountiful song supply. Songs from operas, that belong to no special age, save that of song. Whose heart could fail to be deep stirred, when Schubert's "Ave Maria" is heard? When the Soldier's Chorus from Faust rings out, who is not ready the foe to rout? Who hasn't lost the urge to roam when listening to "Home Sweet Home," and plumbed the depths in love there be, when listening to "The Rosary." But the song of to-day, deal mostly with "you," they sometimes begin and end with it too. Sometimes sung in beseeching tones, or dying away in despairing groans. However of songs, each age has a crop, which none with the other is willing to swap, and we cling to the ones that for us have appeal; that have seen us through woe and see us through weal. Each age as it closes still stout-

ly maintains that its songs were blest with the sweetest refrains. But each year I view, as I hear and compare, the songs that come floating in over the air, that the sweetest are those that have rung through the years, that have sometimes brought laughter, and sometimes brought tears. Still, maybe the future will count me all wrong, and evolve for itself a new sort of song. And still—being woman—I crave the last word, and feel I can say, without being absurd, that the songs which have stood the test of the past, are the songs that will nestle in hearts, to the last.
